Joint Communications Unit

MESSAGE FROM THE COMMANDER

SPECIAL POINTS OF INTEREST:

- Happy Holidays
- JCU JFK-50 Participants
- Babies galore
- Retro JCU
- Large MFF Graduation
- Lots of pictures

An assignment to JCU includes the entire family. The unit expects an awful lot during a multiyear tour with the demands on time and the impact on family events missed due to deployments. Recently, the unit and FRG leadership met to plan a means to improve the experience of all of the families during what we hope will be an extended time with the unit. Look for announcements for events soon to be scheduled. Everyone should feel as if JCU is part of their extended family. We're all here to

help. Please ask if you have any questions or need assistance.

I am writing at the tail end of another trip overseas. Well into my fifth year in the unit, or in close proximity, my observances remain consistent. Each site continues to look better and the level of support the unit provides literally improves on every visit. Deployment times and locations, for the most part, continue to stay at the same rate they always have. At each and every site, I hear from the senior leaders on how well the JCU members are

performing. Typically, they don't want to see the team on station to leave. They don't believe the next group from JCU will be able to perform at the same level. As always, they are obviously surprised when the support provided never takes a hit no matter how many different people from the unit rotate through.

The family VTCs are very much appreciated on both sides of the screen. Thanks to A Troop for setting them up every month and to the families that come in on the weekends.

— Jack Arnold

11TH ANNUAL JSO 10K RUN / 5K WALK

The 11th Annual run that was held on November 2, 2007 was a huge success. It was another outstanding event. The run could not have happened without the support of several folks in the unit. I would like to take this time to recognize a few of them. The 10K, sponsored by SOCA is the main fund raising event of the year along with the Spring Golf Tournament. These two events alone are responsible for the rest of the years activities that require large amounts of money to pull off. Todd Petzel is responsible for all vendor donations and does a great job for us in the business and salesmanship

department. A-Troop is responsible for course set-up to ensure the route is properly marked and cleared. The Vehicle Maintenance guys of D-Troop did an outstanding job this year refurbishing the course signs and making sure we had generators and light-sets at the registration area. D-Troop put on a top-notch lunch for the awards ceremony later that day. We raffled off over \$800 worth of door prizes as well. We had over 300 runners participate and the weather was actually nice this year, I know that a lot of you were devastated by this. Our water stations were manned by Marsha Spencer &

Rene Hays this year, they braved the cold to ensure water cups were filled and provided motivational guidance to the runners. And we are also appreciative of the work by our Medics Paul Reitz and George Tompkins, they actually had to administer some of that Medic stuff to a runner on the course that had a broken hip and he wasn't even affiliated with our run. There were a lot of other behind the scene goings on, but the CDR, CSM and I would like to thank you all for making this happen in true JCU fashion.

— Todd

A big thanks to my Troop / Section Leaders for their continuing support of the unit newsletter. Without your support there would be nothing to read or pictures to laugh at. I wish all of you a Happy Holiday Season and a thank you to the spouses and family of our members, your personal sacrifices are many and does not go un-noticed.

— Todd

Hello everyone,
 First off, A-Troop would like to extend a warm holiday greeting to all of the Troop's members and family. I know that the upcoming holiday schedule will be a welcome break to spend time with family and friends for those that are lucky enough to be home during this year's holiday season. Remember to keep our deployed team members families in your thoughts and prayers as we patiently wait for their safe return.

Our past month has been busy as always, but the Troop has accomplished everything in an outstanding fashion as expected. Chris Martin graduated the Military Free Fall School and is getting ready for another deployment where he will no doubt set the standard once again. Stan Sweeney headed out the door earlier this month and has already made

an impact while we welcome home Anthony

Melby and Scott Gozdziaski from their recent trips. Congratulations are also in order for Greg Bogyo for completing the Basic Non-Commissioned Officers Course, marking an important milestone in his career. We also have a few other members attending professional development schools. Jesus Castro is currently enrolled in the Advanced Network Analyst School; Rick Cross is in the USMC Radio Chief's Course and Adam Merlino is closing in on graduation day at the Airman Leadership School. And one more noteworthy accomplishment for the month; Matthew Heist completed the JFK 50 Mile Ultra Marathon, with an injured shoulder... what a stud!

In case you were wondering, the next installment of the DET BOWL is right around the corner. With the return of

Anthony "Golden Arm" Melby, Jared Schaffer is taking a page out of the Joe Nameth playbook and "Guaranteeing a Victory." B-Troop better be ready to surrender that hideous trophy to its rightful owners...

— Chris

James Jordahl and Noe Abad try to figure out where that satellite went

Another month goes by and our Troop is still going at a hundred miles an hour. We are going to give up a few people in order to improve upon JCU's support structure, so our Troop is going to get a little slimmer (and not just because we are giving up DJ "Tree'fifty" Holly; aka stinky). We are taking some of our most outstanding technicians in order to provide high quality, timely, support to our men forward. These men have been chosen because of their outstanding technical ability and proven leadership. Congratulations to DJ "350" Holly, Ray "Frank Tank" Hickman, Cliff "Napoleon" Varnadoe, Darren "Porkchop" Thornton, John "not in the section long enough to get a nick-name" Mosley, and Jon "Squirrel Nutz" Vasquez on your selection to the Unit Support Team. The

capability you will create will greatly improve upon our unit's ability to be self-sustaining so it was important to choose the right people for the job. Thank you for stepping up for the betterment of the unit and making a difference.

Congratulations to Michael Williams for graduating Basic Airborne, Paul "Bandgeek" Hays for graduating LPOLC. Congrats to Ray Hickman for winning the US Air Force John P. Jumper Award and Tommy Knoll who was awarded a Defense Meritorious Service Medal. Most of all we would like to Congratulate Rufus and Pam Messex on the birth of their little girl Sierra Eve Messex.

— Mike

Nick Walker-Bates and Fabian Robles wish that John and Tom would quit drinking so much Red Bull and get down here to help them

John Vasquez and Tom Knoll assure us that Red Bull makes you work harder

Usually Frank or Jake writes the entries for C-Troop in the unit newsletter because they control the heartbeat of this Troop, but I wanted to take this opportunity to talk about how proud I am of each and every guy in C-Troop. I'm sure all of you are aware of how busy we have been over the past two months with late night ranges, airborne operations, 14 mile road marches, real world operations and too many schools to mention. I want you to understand that your spouses are the best at what they do and it takes realistic training to keep their skills sharp and always ready to deploy at a moments notice. C-Troop will continue to go to the edge of the envelope and then take

one more step. All of my guys in forward deployed locations continue to do an outstanding job and set the standard.

C-Troop has had a great month! Jacob "This is Crazy" Carlsen, Frank "I Stood One Up" Perez and Ulysses "I'm OT BLAHHH" Otero graduated Basic Halo School. Mike Runk graduated ANCOC receiving the Iron Sergeant Award and making the Commandant's List. Currently we have Chuck To and Dave Lonack in Airborne School graduating on the 8th of Dec. Jamie Slife will complete his Marine Corp Staff NCO Course on the 17th of Dec.

Congratulations to Frank Perez

on his selection to Master Sergeant, Chad Peters pinned on Master Sergeant finally and somebody had a crazy idea and decided to frock me to SGM.

Some of the C-Troop family will be moving on to new challenges soon. Frank Perez and Vic Kouw will be heading up to Current Ops, Ulysses Otero and Jim Prasse will move over to JTEP. Chad Peters and Marlin Waldron will take over for Frank and Vic.

I can't thank you guys enough for what you do and I also appreciate the tireless effort that is put forth from the home front.

—Mike

Max seen above getting some instructor time. Life is hard!!!

Hello D Troop families! I hope everyone had a blessed Thanksgiving holiday. I don't think I can stand the thought of more turkey, well, maybe a little. First off, congratulations are in order for Scott Knox who somehow made it onto the Army's Master Sergeant List. I kid, the promotion is extremely well deserved! Stacey, if you start planning right now, you can have his money spent *before* he gets it. Ha ha.

Unfortunately, we are saying goodbye to two very special D Troop family members. SFC Wilford Reed is retiring from the Army after 20 years of faithful service. I know for sure that he is

looking forward to getting away from purchase orders and to spending more time at IHOP and out on the golf course. Best wishes for Will and his family! Another friend and family member is leaving us for sunny Florida. Mr. Angel Velasquez has served JCU for four fantastic years. Three of those years were active duty in the Army and one year was as a civilian. His wife Cindy recently received orders to Florida and wouldn't you know it...he wants to be with her. Ha ha! The entire D Troop family will miss you both dearly and we wish nothing but the best for you, your futures, and your families.

Lastly, as we come up on the holidays please keep our deployed service members and their

families in your thoughts and prayers. And thanks for the tremendous amount of support that you provide to us from day to day. Hope to see you all at the Christmas party! --Carleen

Mr. Linder has been the "Old Wise One" in D-Troop. Here he tries to impart some of that wisdom to Mr. Staples and Chief Russell, good luck Dick.

Congratulations to Bryan Fooshee for being selected for promotion to Master Sergeant. The month of November has been a fairly active month within E Troop. Mike Martinez and Sam Stanley have spent the entire month in northern Virginia and Scott Bachand went to replace Mike just before Thanksgiving. Bryan Fooshee and Gama Rodriguez are preparing themselves for the next Computer Course which is expected to start in January. Somehow in between training classes and trying to practice what he has learned Bryan has managed to find a house to purchase in Raeford at Parkers Grove subdivision and is expected to close on the 3rd of December. One would think that a promotion/housewarming party would be in the near future. Adrian Williams, Sergio Hernandez and

Jason Proskovec spent two weeks learning all there is to know about Wireless networks and Wireless security. While Scott Bachand only attended the first week's training, he is still the resident expert on Wireless, just ask him. Once again this primarily left the Marines to do the majority of the work in the office. Chad also decided that putting a fence up around his yard would be an easy weekend. I guess it hasn't been that easy since it has been a week and a half and the fence still isn't complete. I think part of the delay is due to Chad trying to recover from the mental anguish of having Clemson beat South Carolina. Shannon Hook and Rob Barnard have spent the entire month preparing to teach a class that has been scheduled and cancelled about five times. The

class was supposed to start on 3 December and as of this writing it has once again been cancelled. We will see how many students show up on Monday. Thanks to everyone for all of the hard work and sacrifices they make daily to help E Troop be successful. I would also like to thank each of your families for the support that they provide you. I realize that long hours and deployments take their toll on families and it appears that we always call on you to be deployed for anniversaries, birthdays, and holidays. Thanks again and I hope each of you have a safe and happy holiday season. Hopefully Chad will have his fence completed by Christmas.

— Tony

DELIVERING THE MESSAGE

Well this newsletter finds us in the midst of the Holiday Season. I hope everyone has enjoyed the additional time off for Veterans Day and Thanksgiving and is looking forward to Christmas and New Years. Donovan Holden has finally departed for the Warrant Officers Course, I am sure he will do well. The New Year will bring with it a few changes. JTEP will be renamed to G Troop and

we will gain a few people from within the unit as our support role expands, in an effort to make your spouses job easier. The new team will continue to provide the best quality service possible to our deployed service members and civilians. Ann and I wish everyone a Merry Christmas and Happy New Year. — Bill

Jason Tolle is the newest addition to the Selection & Training Team. Maybe Jack can get him to grow hair, nobody else could.

Put it on your calendars!! That long awaited day is here. SOROC Class 2-07 will graduate on 12 December 07. The ceremony will be at 1400 in the JCU classroom. Unit members, friends, and family please make plans to be there to congratulate and recognize these guys for their accomplishments during a period of their tour here at JCU that they will never forget.

2008 is going to be like, SOROC Class 1-08 will have 30+ students attending. WOW! I'm sure we can all look forward to 1SG Nichols putting into practice all the new high-speed leadership tactics he learned from his recent attendance at the First Sergeant Course. HOOAH!

As 2007 comes to a close, the S&T section is wrapping up what has been without question the busiest and most productive year for us. On Dec 12, our SOROC graduate total for the year will be 40. This is the highest number of new members put through our training pipeline in the unit's history. Just to put into perspective what

Another date of considerable significance, one which has come and gone, was November 9, 2007. On this date we finally put SFC Reynolds out to pasture! Known throughout the compound as "JR", SFC Reynolds culminated 20 years of service in the Army. Once again, we would like to thank him for all his hard work and dedication to the Selection & Training Detachment and to the unit. He will be missed!

The next 30-60 days is going to be an extremely busy time for all our new members getting ready to begin SOROC and for their families as they get settled into Ft Bragg and the Fayetteville area. The holiday season is upon us and many of you will be making plans to spend this time with family. To all our new members and families: please remember that you are a vital part of the JCU family now and during this hectic time (and holiday period) you have many new brothers and sisters only a phone call away. Please don't hesitate to reach out when in need. HAPPY HOLIDAYS!

— Jim McKnight

Ms. Jeanice Wehner says she doesn't like pictures, that's why she's in here. Jeanice works hard for JCU in the D-Troop ERS section.

This section features a current Unit member. It is a look back before all of those military regulations, haircuts and discipline. Stay tuned for the answer posted in next months edition.

JFK-50 Mile Hagerstown, Maryland (America's Ultra-marathon)

This year marked the 45th Annual JFK-50 Mile Ultra-marathon. As with every year, it was an outstanding event. We had 27 runners compete this year. 13 of our own and 14 friends of the community that were either here at one time or work with us around the globe. This year was a little different because of some JFK-50 firsts and the JCU record being broken. For the 5:00am starters it was a brisk 27 degrees and way too early to be putting a body through that kind of torture. More runners started at 7:00am this year than in years past. The Appalachian Trail was still as brutal as always and the C&O Canal path was still 26 miles by itself. Each year we hope that somehow it would shrink.

Besides the normal aches and pains, everyone survived the race without injury, all except for Matt Heist. Matt was at the 44 mile mark when he was suddenly clipped by a vehicle. The car had hit him in the elbow, the EMS on scene gave him a once over and put his arm in a sling and in true warrior spirit, kept moving towards the finish line and completed the race with a time of 10:40. Ken Klynstra smashed the three year old JCU record by CAPT Wampler of 9:28:52 with a very impressive time of 9:17:15. We look forward to next years event already and there are a few that might even train for the next one. The following JCU folks participated in the race.

- Todd Spencer
- Jack Nichols
- Mike Kaloostian
- Jason Tolle (First Timer)
- Jay Pylman
- Matt Heist (First Timer)
- Ken Klynstra (New JCU record holder)
- Cathy Montes (First Timer)
- Jesse Montes
- Jake Higginbotham
- Veronica Zamora (First Timer)
- Dan Knouse (First Timer)
- Adam Kelley (First Timer)

A special thanks to Yessinia Kelley for her support along the course. She braved the elements and stood around at the aide stations cheering and taking/giving items to several of our runners as they passed by.

Less than 1% of the United States will ever compete in a race of this magnitude.

At 4:54 am, it was a very cold start to a very long day

GOODBYE TO FRIENDS & FAMILY

SFC Wilford Reed & wife Sarah, children: Justin & Brandon (D-Troop)

SFC WILFORD H. REED APRIL 2001 - DECEMBER 2007 (D-TROOP)

It has been a wonderful seven years. The 1st six months were a little rough and the last year and a half has been great. The in-between time well, I did enjoy it also. As most of you know I enjoyed purchasing and supporting the communicators. Maybe someday we will have a chance to work together again. From Sarah, Justin, Brandon and I (Thanks).

Bob Cocco and Todd Spencer have an abundance of pictures from the Highland Games that took place on November 30, 2007. The next newsletter will include this excellent event.

ANSWER TO LAST MONTHS RETRO JCU ? (DID YOU GUESS CORRECTLY?)

Last months RETRO JCU picture is none other than SSgt Ramsey Brown. Ramsey “Whitesnake” Brown liked the Rock-N-Roll when he was younger. The year was 1994, as a freshman in college with a school band named Unsound and jamming to “Man in the Box” by Alice in Chains. Ramsey joined the Air Force in 1998 And then found out that the Army was short on Oboe players and they offered huge bonuses for that MOS. He was of course crushed by his decision, but decided to stay “Big Blue” and has had a great career thus far. Thanks for the picture Ramsey, I have got a lot of responses to this one.

The below picture may not mean much to most people, but to a JCU Troop Leader it is a wonderful thing. Mike McKlveen was so proud, he sent this picture in. It is a server rack that was in dire need of re-wiring attention. He said something to the effect that he was buying some beer for someone.

Spouse's or children 16 years and older will be eligible for a free Tandem Skydive courtesy of our very own Court Mclain. For details ask your JCU member and have them register you for the raffle. We will select a winner at the Holiday Party on the 15th.

THE JCU PRINT

COMMEMORATING 25 YEARS OF JCU PROFESSIONALS

Damon Haigh was commissioned to create an original JCU Print designed to celebrate the outstanding contributions that JCU members have made since its inception. Everyone who has seen the print agrees that Damon did an incredible job. This print makes a great gift for current and past unit members. In order to get your limited

edition (500 signed/numbered) JCU Print, bring cash or check (payable to the JCU Activities Club) to the SGM while supplies last. The print costs \$50 and if you want a shipping tube please include an additional \$3. If you need the print to be mailed, include shipping costs of \$10 (includes shipping tube).
