Message from the Sergeant Major

Hello all; let me start by saying what an honor it is for me to represent the members of JCU and their families within the greater SOCOM community and I can only hope that I will be able to uphold the high standards that you all set every day. It certainly has been a busy month; all of the Troops have been involved in many different training events as well as supporting our Higher Headquarters. Fortunately I've been able to get out to some of the training events with several of the Troops and each training evolution gives me a greater appreciation for what the Soldiers, Sailors, Airmen, Marines and Civilians of JCU do each and every day. Rest assured, many

folks that form our Higher Headquarters are equally impressed with the efforts of the men and women of JCU. Almost daily I receive an e-mail, phone call or get stopped in the hallway by someone who wants to say what a fine job you all are doing and naturally I tell them that your performance is a direct reflection of my outstanding leadership. Seriously, Thank You for what you do. The FRG has been equally busy; they have sponsored several meetings/events over the past few months. The JCU Activities Club sponsored the always popular Summer Picnic at Fantasy Lake. I know everyone that made it out to Fantasy Lake had a

great time and for those who were unable to make it this year, hopefully you will be able to make it next year. We also have many more FRG functions planned for the remainder of the year, so please get with the Key Caller for your troop and take advantage of these opportunities. If you have a few spare minutes please go to www.jcuonline.org and you will find lots of useful information about the FRG and the local area. You are welcome, Todd! Well that's all I can think of for now, I'd like to close with one last thing, if you have any questions or concerns please feel free to give me a call at anytime.

Sincerely,
~ Steve

JCU set for the 47th Annual JFK-50 Mile Ultra-Marathon

This year's event will take place on November 21, 2009 in Hagerstown, MD. This year we have 21 JCU members participating and another 6 friends of JCU. This marks the largest registered JCU participants total to date. There were several others that waited a little to long to get their applications in and did not make the list. We have 12 families going with their

runners this year. They will be there providing course support and generally laughing at their spouses. Our very own Jay Pylman set the standard last year by smashing the JCU record time with a very impressive 8:53:31 and an overall placing of 133 out of over 1,000 runners. A lot of folks are actually training this year and I expect that record will not

stand. On a more somber note, Amy Smith will not be joining us this year, she said her toenails are still growing back in from last year. I look forward to this year and hope that it proves to be a very rewarding, painful, but good time. Good luck and happy trails.

~ Todd

We have just completed 50 miles on the Appalachian Trail; otherwise known as the Appalachian Death March. The men are in high spirits and are doing well. I am very impressed with the heart and perseverance shown, especially in the face of two solid days of rain to start the exercise. Special thanks to Chris Bush, Eric Gregory, Mike Beach, and Jeff Carlson. Your support was crucial to making this a productive and safe event.

This has been an eventful Airborne month. Seth Hogan returned from Basic Airborne school and got his cherry blast the day before we departed for Tennessee. Pat Ballard has left for Basic Airborne

school; I am sure he will do well. Congratulations to Dan Knouse who has just graduated Jump Master school...we needed another to share the workload.

Scott Eby returned from surgery and is recuperating well. Please continue to pray for our family members who have medical issues they are dealing with.

~ Travis

Above: Members of A-Troop spent some good, quality time on the Appalachian Trail in August

August is behind us. B-Troop has performed miracles around the globe. I can say that I am truly proud of our men and women this entire cycle. I would like to say thanks to Holly Hoffman for sponsoring a B-Troop end of summer party at her house on the 29th. I hope all the family members had fun and enjoyed

their time together. I would also like to say congratulations to Nate and Martinique on the birth of their baby girl. By the time you get this newsletter we should have completed our final Family VTC on 30 Aug. I can't thank C-Troop enough for supporting us and allowing us to see our family members while we are out

here. All family members should also be expecting to see more information come out soon regarding our re-deployment. I will ask that all families be patient and flexible as airflow from over here can be very unpredictable.

Thanks
~ Bryan

Left: Oscar Campos is presented the Air Force Commendation Medal on 3 AUG 09

Wow, August is gone. As usual we have been really busy getting ready to deploy. We have had several people come by and provide us outstanding training this month; people from around the compound and inside the unit. I'd like to give a special thanks to Scott Capan for taking a handful of us for the last month and filling our heads with tons of valuable information. Along with all this training, we have been getting our equipment ready to pass off to A & D Troop the beginning of next month. Not long now and we will all be on the road heading forward to relieve B-troop. As we have time, we will ensure that fellas are getting home as early as we can to spend as much time as possible at home prior to leaving.

We also had our first official C-

Troop FRG meeting this month. I would like to thank all the families that were able to make it out to this event and hope that the information that was provided helped out, or helps you in the future. Like I said in the meeting, feel free to contact our key caller Kim Melby or my wife Mollee at any time if you have questions or issues. I will be sending additional information reference who you can or may need to contact while we are deployed if you need any assistance. Once Jack gets back home from his travels, I will work with him and Kim to get information reference getting care packages out to the Troop after we deploy. Once we get out there you'll get mailing addresses for us, but there are other ways to get stuff out also.

As far as awards and schools, Dave Miller will be completing SERE prior to deployment and Ryan Akins finally got his Senior wings this month. Congrats fellas!

We did have two new arrivals to the C-Troop family this month. Congratulations to the Drew Family on Phillip's arrival on the 7th and also to the Melby family on the birth of Cooper on the 20th this month. We did celebrate a few birthdays, Happy Birthday to Ken Johnson, James Brown & Oscar Campos.

Talk to you guys next month.
~ Millsy

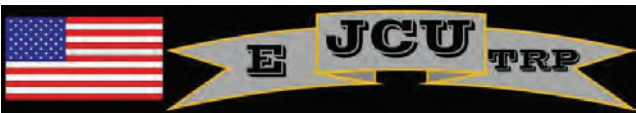

Oh where in the world is D-Troop? From Norfolk VA, to Charleston SC, and west to Albuquerque NM, our training cycle has taken us on many adventures. Following last month's visit to Oklahoma City, D-Troop then found themselves back in Norfolk, VA. For some of the D-Troop crew this was their first time experiencing the thrills of shipboard life. "Sweepers Sweepers! Man your Brooms!" Tight spaces, weird smells and interesting food contributed to make our stay a memorable one. Working with the outstanding crew of the USS Harry S. Truman, D-Troop pioneered new communications frontiers with forward

thinking (box, what box?) innovative ideas. Always finding new ways to build team esprit de corps, D-troop visited the PRC confidence course and enjoyed the challenging and somewhat unforgiving obstacles along the way. (Dave, watch out for Jake the snake!) After a brief rest, D-Troop was out the door again this time revisiting Charleston SC. We conducted some great training and culminated the trip with a Cooper Bridge run PT session and a visit to the USS Yorktown Medal of Honor Recipient Museum. D-Troop was honored to meet Medal of Honor recipient MGen(ret.) James Livingston and Mr. Clebe McLeary. Recently,

rumor has it that a certain E-8 in D-Troop went to Panama City FL. for some fun and sun, apparently he felt the need just to get away for a few days. Somewhere in all the excitement we bore witness to some new additions to the D-Troop family. SFC Jason Tolle joins us from S&T for a time to lend his years of experience to D-Troop before he transitions to new and exciting places. We welcomed MSgt Becherini's wife and four children to North Carolina, and to the JCU family; they moved down from Massachusetts at the beginning of July after the completion of the school year. Next month stay tuned as D-Troop brings you more exciting adventures from such exotic places as New Mexico.

~ D-Troop

Well it is official Trevor Ray Hamilton was born on 15 August 2009 at 0518 in the morning. He weighed in at 7 lbs 3 ozs and was 19.75" long. Congratulations to both Scott and Emily Hamilton on their new addition to the family. Scott is now busy getting ready for the next CNO Course, at least in between changing diapers. We are still looking forward to another baby being born in early September. Hurry up Natalie what are you waiting on? Congratulations to Sean Collins for passing the CNO Course and graduating on the 13th of August. Mr. Sam Stanley has started his new job as a civilian in the shop. It is great to know that the institutional knowledge of the shop didn't walk out of the door with Sam's retirement. We hope that he continues to enjoy his job so that he stays

tournament in Florida and I am sure he had a lot of fun. They didn't win but they did get some cool sunglasses. Scott Bachand and Dan Orrvick spent most of the month in the DC area, but are back now. Greg Nicosen is proof that it pays to have an alarm system in your house. His apartment was broken into during the JCU picnic and they must have been spooked because they didn't take anything. He had an alarm system installed on the following Monday and was broken into again on Tuesday. This time the alarm scared them off. I

around as a civilian for years to come. Bryan Fooshee competed in a softball

hope that all of you are having a great summer. Thanks for all of your hard work.

~ Tony

Above: Members of the Williams' family pause for a photo after Adrian Williams was promoted to GySgt on 3 AUG 09

Hello All. I trust everyone is doing well. The kids are back in school and the pools will be closing soon. I trust the summer break went well for those that were able to take a break. I hope everyone can still get out and enjoy what is left of the summer.

August was another busy month for G-Troop; business as usual. Everyone continues to work their hardest to support the unit. The Troop gives 110% effort in all they do; from pulling shift to testing out new capabilities, troubleshooting and working the day to day grind. Thanks for all you do.

Here are a few notable events from G-Troop for the month of August:

John Hickey was selected as a Chief Petty Officer in the US Navy. Congratulations John! Casey Mues came back from a long time away just to turn around and go to training for 3 weeks. Welcome back Casey and, see you later. Heidi Evans took a weeklong trip to Germany. I really don't know what she did there but I heard she did good things for the unit. Thanks Heidi. Noe Abad is now one of the most knowledgeable GIGASAT operators in the unit. Noe is proof that the dish is so easy even an IT guy can operate it. Football season kicked off and Coach Mike Foy has high hopes for his team. Good luck Coach.

Jim Guillemette and Heidi are heading out the door to contribute to the efforts forward. I hope your trip goes well and, have fun.

I ask all of the G-Troop family members to fill out the FRG questionnaire and send it in.

Thank You and Take Care,
~ Dutch

Summer is in full effect.... School back in session; first off I would like to say – WHAT A MONTH! I took the Troop over from Court on the 1st and I must say that I'm amazed at the men and women that make up this section and that it is a true honor to have the privilege of leading it. I wanted to begin this month by not writing about how busy we have been but I was only able to squeeze out the first couple of sentences without getting to our happenings.

For starters, I haven't seen much of Scott this month. He says he's been working on our new communications platform off post but I can't really determine that for sure. He always shows up in soiled jeans when he is in so I cannot prove otherwise. Needless to say I actually went to take a look at the project and it is in its final production phase. He must be telling me the truth. This platform will be a huge success and not all credit goes to Scott and his crew's hard work. I think the entire troop has had their hands in this in one shape, form or fashion. Special thanks to Mr. Staples, he has been married at the hip with it since day one and there is no way it would be where it is today without him. Thanks Glenn. As for the rest of the MP haps, they received training on our new laser toy. We are almost ready to make some rims for the

1SG's mule. This does not include the overwhelming motor maintenance support requirements for the Line Troops and the fly by day/night fabrication jobs the electronics shop dreams up.

Speaking of EMS, the first thought that comes to mind is – where have they been? With the line troops traveling the globe in support of training and exercises, EMS technicians have been right with them ensuring technical success every step of the way. I think having our guys out there with the line troops is a great success. It has truly enhanced our capability as a unit as I constantly hear great things from the Line Troop leadership about what an asset the Techs are to them. As for the rest of the shop, TDYs, training and building, testing, fixing, ordering, troubleshooting, problem solving, restocking, fabricating..... I'm sure you have got the point. They also ended up conducting a handful of briefings on how they do all that stuff to some important people who sign our checks (not paychecks) and of course that all went over with flying colors. Thanks Chris and Crew!

Todd P. set a new record for the amount of phone calls he has answered this month. It has been rare to catch Chris or I in the office and of course, he has taken the brunt. He has kept me out of muddy water in addition to getting some critical orders pushed through that will allow us to keep operating until the rest of

our fiscal year. Of course other than the phone call part, you can give the credit to the rest of the LRS (Logistics Readiness Section); yes we renamed it from the prior Supply/ERS. These are the folks that have kept the equipment moving where it needed to go and bought the equipment we needed to go somewhere. I can't speak highly enough of the quality of service they provide. Also, congrats are in order to Mike Flynn on becoming a grandpa. Mike, be sure to let me know anything I need to know about this. There are only a couple months left until no matter what I think, I'm old.

~ Continued on page 6

Above: In a ceremony on 3 AUG 09, ETCM Court McLain passed the guidon to the Commander who then passed it and all responsibility of M-Troop to ETC Stacey Lewis

Hello everyone,

We are closing the last part of summer and half way through preseason football, soon the start of the regular season and fantasy football leagues. SOROC Class 02-09 has been fully engaged into the academics and have finished the first module of the course. Welcome home to Jay Baker from his recent tour. S&T would like to post the following Wildlife

Safety Precaution. Families in remote campgrounds have encountered beavers while swimming in rivers, lakes and streams. To protect yourself and stay safe in the event of a beaver encounter, understand the animal behavior and learn how to respond appropriately. Wild animals generally avoid human contact, but if you do see a beaver in the wild, maintain your distance. Don't attempt to

feed, catch or pet the wild animal. Never approach wildlife babies or animal mothers with their babies. The mother's protective response can be very fierce. Report injured or aggressive animals to authorities. If an injured animal approaches you, MOVE SLOWLY AWAY.

Take Care,
~ Chris

EC has been busy as usual this month. Micah has transitioned between ACG's and is using his expertise as ACG RTO to square away his new crew and insure they are on track. Marcus is currently deployed with the DCG and will be returning home early next month. I will be out with the CO and Command Group for a few weeks to cover for Mike while he is in training. Marcus, get me some clean sheets! I don't want yours. I have

officially brushed off the rust and am ready for an interesting month. We welcome back and old EC veteran, OT, and EC new comer Derek Hollingshead. They will be tag teaming coverage for Jimmy for a 4 week period with the ACG while Jimmy takes care of his family during the month of September. Jimmy take care of your family and forget about the job for a few weeks. We got it! We are praying for your wife and your family and glad she is making such amazing progress! Mike will

be focusing on training and won't really have time for much else. You'll do great brother. Doug Rosario is making amazing things happen while he is supporting his boss and is certainly paving the way for his replacement! Hang in there brother, I will be there soon. September will be my last full month as the EC Sergeant Major. My last entry in the news letter will be next month. I'm looking forward to it. Until next month....

~ Fish

F.Y.I. **JCU FRG NEWS** 

Left; SFC Scott Hamilton and Emily are the proud parents of Trevor Ray Hamilton. Trevor was born on August 15, 2009 at 5:18 AM in the Cape Fear Hospital. He weighed in at 7 lbs. 3 ozs. and was 19.75" long.

LOOK WHO JUST DROPPED IN

Below; SSG Nate Hannah and Martinique are the proud parents of Danielle Alice Hannah. Danielle was born on August 2, 2009 at 2:00 AM in the Womack Army Medical Center. She weighed in at 6 lbs. 12 ozs. and was 20" long.

Right; IT1 Anthony Melby and Kim are the proud parents of Cooper Sinclair Melby. Cooper was born on August 20, 2009 at 2:13 AM in the Womack Army Medical Center. He weighed in at 8 lbs. 8 ozs. and was 20.75" long.

Visit us on the web

www.jcuonline.org

JCU Families,

We are in need of your help.....enclosed with this newsletter is a simple spouse survey looking for your honest feedback regarding how this unit can best support its families. Please take a few minutes to fill it out and return it. The feedback we receive will impact future events planned.

Once again, we had a good turnout for the monthly spouses social. There is always great information shared, hope you will join us next month. As military spouses we have so much to offer one another. We have a unique situation that allows us to get together, share our experiences and our talents. Our next social will be Tuesday, September 29, 2009 at 6:30pm. We host it at the Annex so it will be child friendly.

Hope to see you all at the JSOC Silent Auction on Friday, Sept 25th, 5:30, Parachute Packing Facility. JCU will be donating a basket with a motorcycle theme so please contact me if you have anything you would like to add to it. The money raised at the auction finances all the family parties for the year. Please come out and enjoy the food, drink and browse the baskets, it always proves to be lots of fun.

Just a reminder, the next opportunity to attend a JSOC Orientation will be Thursday, Sept 10th, 6:30pm in the Parachute Packing Facility. You must RSVP to Agnes for this event.

Please fill out your survey; we really want to hear from YOU!

Hurricane season; Are you prepared?

Hurricane season is upon us. No, not the hockey team. The Atlantic Hurricane season is from 1 June to 30 November each year. This year has been relatively quiet, but what seems like a harmless tropical storm can quickly become a looming disaster. Because we are in close proximity to the coast, we can expect a greater chance of being in the middle of a large storm or hurricane. The destruction will vary depending on what side of I-95 the center or eye of the hurricane is on. The reason for this article is to let you know at home that you are not alone. If the service member is home, not really a problem. We just wanted to let the spouses of our members know that in the event of a strong storm or hurricane, you can call for help. In the past, we have just consoled folks and in other cases we have went out to help clean up yard debris or get trees off houses and cars. Either way, please don't sit in your home and wait for your service member to come home, call for help. The last page of this newsletter has everyone on it that can help or spin up a work detail with one phone call. A great website that really tracks the storms and has other relative information is on www.wral.com/weather. There are also hurricane pamphlets spread all over town in many of the stores. You can't help becoming a victim of an act of God, but you can call for someone to help clean up his mess.

~ Todd

Continued

Each and every day technology is evolving as is how we employ it in our systems. This is not an easy task. Thank goodness Jesse is no longer the Unit's Sole Configuration Manager. He has some help and some experienced help at that which is making his life much easier. Mrs. Carleen Nichols came back to work for us this month in a civilian capacity. Welcome back Carleen! Other than what we have evolving internally, the M.I.T.S (Modernization, Integration and

Training Section) is looking outside in the civilian sector to see how we can do business even better. I guess the only place to find that kind of stuff is in Florida because Mike C. and Mr. Kemp both spent a week in Fort Lauderdale this month looking for the next best thing.

I'll wrap up my portion of the newsletter this month as there is a lot more to tell and I don't want to break the unit because I'm already typing on my second page...

BTW, I won't forget tradition though and give a shout out to the M Troop song of the month. This month's song is "Hustlin" – Rick Ross. If you haven't heard it, recommend the edited version....

~ Stacey

This section features a current unit member. It is a look back before all of those military regulations, haircuts and discipline. Stay tuned for the answer posted in next months edition.

RETRO JCU

WELCOME OUR NEW JCU MEMBERS

- IT1 Alexander Ortiz & wife Kelly, child; Alra (SOROC Class 02-09)
- SSGT Hernan Daffara & wife Carla, children; Sebastian & Emma (SOROC Class 02-09)
- ET1 Alfred Eline & wife Heather, children; Tyler & Jason (SOROC Class 02-09)
- SrA Anthony Emerson (SOROC Class 02-09)

LTC John McLaughlin
 Commander, JCU
 POB 70239
 Ft Bragg, NC 28307-5000

Dear LTC John McLaughlin,

Please pass to the members of JCU my sincere appreciation for the send off you gave me. I really appreciated the unit members taking time out of their busy schedules to come to the ceremony. I wish I could have seen every unit member and personally thanked them for what they do for the command and our country.

Once again thank all of you for what you do.

Sincerely,

Robert L'Herueux

Left: Mr. Bob L'Herueux sent the Commander a thank you note after his retirement. The Commander wanted to share the note with you. Bob is a great American and his presence, experience and love of JCU will be missed

Answer to last months RETRO JCU ? (did you guess correctly?)

Last month's RETRO picture is none other than CSM James Givens from Headquarters Troop. The picture was taken in 1972 at age 7 in El Paso, Texas. In an interview with James he said "This picture was taken before most JCU members were even born and way before anyone started listening to me". Thank you James for sharing a piece of your life with us. Young James didn't know way back then that he would be retiring from the Army after 24 years of service. James will have his retirement ceremony on 8 OCT 09, hope to see you all there to say goodbye to this great American.

Meet the SOROC'ers of Class 02-09

Name: Amy E. Smith
Rank / Service: SSgt / USAF
Enlisted: 25 Sep 2001
Birthday: 1 Dec 1981

The JCU Print

Commemorating 25 years of JCU professionals

2005

Damon Haigh was commissioned to create an original JCU Print designed to celebrate the outstanding contributions that JCU members have made since its inception. Everyone who has seen the print agrees that Damon did an incredible job. This print makes a great gift for current and past unit members. In order to get your limited edition (500 signed/numbered) JCU Print, bring cash or check (payable to the JCU Activities Club) to the SGM while supplies last. The print costs \$50 and if you want a shipping tube please include an additional \$3. If you need the print to be mailed, include a shipping cost of \$10 (includes shipping tube).
