Hello everyone, spring seems to be here after getting a late start. With spring, the weather is getting better and the pollen will be gone soon. Spring also brings with it longer days, so we can spend more time doing the outdoor activities we could not do during the winter. I'd encourage you to take advantage of the good weather and longer days. JCU is a busy place and as you all know taking ad-

vantage of the time we get is paramount.

I am grateful for the opportunity to serve JCU as the Command Sergeant Major. This is an opportunity like no other and Yvonne and I look forward to the next few years.

Over the last several weeks the Commander and I have been traveling to observe multiple JCU Training events and exercises. At

each stop on our travels we were left amazed at what we saw and eagerly looked forward to what we'd be seeing next. To the JCU family I'd like to express my thanks for the sacrifices you all make on a daily basis, which allow JCU to remain "Dod's Finest", and to always accomplish the mission.

B Troop

B Troop Families,

It's been a few months and I'm happy to report that the boys are doing well; they're all dug in and taking care of business. We are beginning to see some light at the end of the tunnel, and look forward to hopping that train when it finally arrives. Until then, we will always have plenty of NIPRNET (at least that's what we are hearing from Joe) and super-healthy CLIF bars for that "after workout craving." We are also happy to report that we added some rockers to B Troop this month, and I'm not talking the Def Leppard kind. On 1 January, we saw Chris Cole promoted to Staff Sergeant; and on 1 March, Shaun Mott was promoted to Staff Sergeant and Tim Mallet pinned on his long awaited Master Ser-

C Troop

To the C Troop family, let me say that it is an honor and privilege to be chosen to be able to work with each and every one of you. This is a troop with deep traditions and an outstanding reputation throughout the command. It is simply my pleasure to be part of such a fine group of men. You truly showed this, just days I after arrived in C Troop, the troop came together and sent flowers to my family after the passing of my grandfather. I cannot tell you how much this meant to my mother. Thank You from the entire Sweeney family.

As I write this the guys are honing their skills in survival and land navigation, in other words watching how long it takes all the sailors and airmen to get lost in the woods. This is just the beginning as we start a very busy couple of months as we prepare to take over the reins from B Troop.

geant rank. Congratulations to them. We took some time out to recognize their advancements, but they were eager to get back to the grind and jumped right back to the job. In a few months, we will be sure to allow them the opportunity to show their appreciation of their fellow troopers and christen their newly pinned rank appropriately....I hear Grayson is already working on the special brew recipe. All jokes aside, the guys are doing great work. Tim and Jody are holding it down, while tackling two of the most demanding positions. Their leadership has been priceless as they continuously responded to new challenges. Even our new arrivals (Shaun, Jeff, Andrew and Chris) have stepped right up to the plate and picked right up where they left off in SOROC. Speaking of Chris, he has

received his official B Troop call sign – Maverick. If you don't know why, well then you've obviously never seen him race an F-14 on his GPZ900R Ninja down a runway sporting Ray-Bans and no helmet! Yeah, add some Kenny Loggins and the resemblance is uncanny. With all the busy days (and nights) and the sometimes monotonous schedules, we have not forgotten our teammates who have been battling challenges of their own. Stay strong Mat and Steve, we are all pulling for you every single day. And for our spouses and loved ones, for whom we would not be able to do our jobs without: Thank you for all you do. –Cheers! Scott

"We Take What We Want"

This will include the very grueling validation exercise. Everyone has been hard at work taking part in ops checks or attending the necessary schools. I would like to take a moment and give congratulations to some outstanding communicators as they continue to show just why they are the best at what they do. Justin Yoakum, Dwayne Camacho and Craig Wilson for passing the demanding CCNA certification exam, Brent Borden and Brandon Stefanowski, Oscar Campos and Brian Allen for passing the Network + exam. Well Done! We would like to welcome back Dietrich Lehr from his Air Force Leadership school and James Brown from lending that helpful hand. Tyler Nichols graduated Airborne school, hopefully on your first unit jump Kyle Roscoe will give you a better spot than he gave me and you will not have to land in the trees. Speaking of JMS, would like to wish Craig Wilson good luck as he attends the Jumpmas-

ter Course in FT Benning. C Troop would like to say farewell to one of the most famous C Troopers ever. His witty personality and uncanny way to make you feel small will never be able to be replaced. I can only be speaking of the one and only Jimmy Wagner, his contributions to this troop will be felt forever. We all will be reminded of him daily, only because we could never get him to take down the tribute of photos dedicated to his greatness. Thank You for all you have done for this troop. We also would like to say farewell to Christian Martin, (for a second time) an outstanding leader and mentor. There are many members of JCU that would not be where they are today if it was not for your guidance and of course your rigorous crew drill methods. Thank You for all that you have done and we wish nothing but the best to you and your family at your next assignment.

~Stan

D Troop

It has been quite a busy quarter for the D Troop family. We would like to welcome the newest additions to the team since we last wrote. D Troop picked up five outstanding teammates from SOROC and they have been meshing well with the guys. We welcome SSG Bautista, SSG Harris, PO1 Williams, PO1 Brantley, and Sgt Jones. As we welcomed the new five SOROCers we have recently said goodbye to some great D Troop members. Stan has jumped ship and is now the C Troops Troop SGM. Congrats Stan on your selection to Troop SGM. You will always be welcomed back if you wish to visit. Timmy has gone on to support the unit over as the Medical SRT RTO for one last hoorah. Julian has been selected to work up in OPS and will be departing us in a few weeks. Paul has decided to take on the SOROC TAC position and produce

more of DOD's Finest Communicators. Good luck Paul and keep producing a quality product. In January the team conducted various training missions and did some great work for the command. Rob, Sam, and Jon all froze to death in the vacant lands of Nevada, while Stan and company endured some good training up in Washington. The biggest news from that trip is that we hear Hector has a new found love for coffee.

So even with all these trips the fellas have been over achieving and not only working hard but studying hard and earning their CCNA certifications. Congratulations to the CCNA clan which consist of Derek, Brian, Josh, and Julian. It would be wrong of me to not congratulate Dennis on finally earning his Net Plus certification.

Maybe now we can have Dennis creating some accounts, congrats boss.

Finally I would like to add that in the last newsletter we were waging on if Brad would get sick on his first venture at sea. Well.....we were wrong. Turns out an Army individual got sick but we won't mention any names. He claims it was the great food they ate the night before at the "cat shack", but it seems that no one else got sick from dinner so nice try. Take a look at the enclosed picture and notice that even at sea the Army still drives the war ship. Thanks again to all the spouses for their continued support of their service members, because while we are away we know who drives the home ship and we couldn't do what we do without you. Until next quarter....Kyle

HHT

First, my apologies on getting this out so late. I wanted to bid farewell to a few outstanding Americans that have gave so much to make this unit what it is. SGM Steve Long, Gillian, Caleb, Harper and Cassidy. 19+ years in the command. Unit members have watched your 3 beautiful kids grow up and become smart, respectful and witty teenagers. You've given so much to the unit and thanks doesn't even begin to cover everything. You will be missed and please stay in touch. SFC

Jeff Carlson, Sondra and Bailey, Thank you all for serving 7+ years and countless hours away from each other and for ALWAYS going above and beyond in everything that was asked of you all. Major Mark Landez, Andrea, Avery, and John, you definitely brought a different work ethic to the workplace. You were always swamped with projects but kept everyone laughing with your words of wisdom or stories. Thank you to you and the family! (I included you in the HHT

portion only 'cause I still am not sure which troop you work in).

Thanks go out to everyone who made the Holiday get-togethers a huge success and great time. The highland games were a good time as well, a bit cold, but not so cold the C Troop fellas couldn't wear their skirts. Next year we'll have to plan it when SOROC is in the field. Good Job SOROC!

Have a fun and safe summer!
~Vanessa

SOROC

Well SOROC Class 1-13 is officially underway and by the time you read this they should be finishing up with Module 2. I might as well take this time to introduce myself for those of you that don't know me, my name is Paul Trowbridge and I will be taking over for 1SG "Big John" Woosley. I know I have some big shoes to fill (in more ways than one...he wears a size 13) but I think I'm up for the job. I also want to thank Big John for the outstanding turn over and mentorship I received; I look forward to working with you in your new position as the S&T NCOIC. Like I said above Class 1-13 is underway and doing great things not to mention taking it to SMT in the Highland

Games. I hear there was some shady stuff going on and all I have to say to that is a win is a win...The guys did well in Mod 0 and received some great training, thanks to Jim McKnight, Ken Garrison and the guys from SMT who came out to support us. I should also mention the outstanding logistical support during the FTX thanks to Mike Flynn. At the time of writing this they are neck deep in Mod 1 and learning all about electricity and radios, I'm pretty sure they are

glad to be inside for a change. Well that's all for now on my end, next time I'll try to come up with something really witty to end it with but right meow I'm out of bullets.

NOSC Troop

The first few months of the year have been very busy for the NOSC. We conducted a major infrastructure build and I'd like to thank all the NOSC members who participated. It was a long time in the making, but the result was well worth the effort. We also were able to bring in a lot of new talent this spring. The NSE welcomes CW3 Matt McDougall and his family from Ft. Carson and CW2 Kevin Glancy and his family from Ft. Polk. Additionally, Mike Williams and the AIS Detachment welcomed MSgt Samuels Pritchard. During the past few months we had to say farewell to Seth Hogan and his family as they move to Japan. Returning from deployment these past few weeks are: Mike Foy, Ken Smith, Joe

Worley, Vic Guerra, Ryan Oswald, Connor O'Mahoney, Chris Choyce, Jimmy Bermudez, and Al Eline. These guys did a great job on this recent rotation and we're glad to have them back at home.

After surviving a skydiving accident, CW3 Jeramy Cosner is recovering well and is now mobile. Jeramy is able to walk with a crutch and has returned to work in the NSE again. Even though the threat of a budget crisis looms, we were still able to conduct a fair amount of training this spring. Shawn Petermann completed Microsoft training and is now an official MCSA and MCITP. Mike Fowler, Sam Pritchard, and Mike Phillips passed CISSP exams without even attending a unit-funded course,

while the new guys, Wilcox, Hughes, Remington all became CCNAs. Congratulations to all of our newly certified personnel.

On a final note, I'd like to congratulate several of our NOSC members who were selected for promotion. Mike Williams was selected for SMSgt, while Bryce Hixson, Jory Mathis, and Mike Phillips were selected for SFC. - Tom-

SMT

Excited to be in SMT, Bernard Byer and Jason Muncy

Mount SMT - Here is your monthly digest from the mountain top. As the saying goes around here, "If it isn't air from here, it isn't breathing." Our first stop is with the Wizards of Troy or IO for the common folks. Rudy the magnificent earned his level 10 wizards CISSP badge and John the Animist finished his first

Matrix jump without the all-powerful "Hero's Lunch pail". The Titans from the "Halls of Zeus" or Exec Comms report Jerry the Old has been busy fixing the Papyrus reader for the Grand Council of Old Men...and he is still working at it. Doug the Changious has assumed the "Sword of Pain" from Rob the Sheik. Subscribe to Rob's twitter account @RobTheSheik for daily musing about the mountain top. The Prometheus clan, CST in English, have been working hard over the last month. Jell-O the Nice, Dirk

the Tall, and Herman the Ball Hog all completed an intense week of Pandora protection training...it's a secret. A big welcome back to Runk the Crunk, who just made it back from Middle -Earth safe and sound. SRT or Oceanus as it is known to the God's, report all is good in Poseidon's home. V/r, Ameer

M Troop

Hello everyone! Highland games have come and gone and M-Troop has once again solidified its place in history, snatching last place from the jaws of victory. Spring is here and M-troop alumni Shane "Snake Bite" Simpson has a robust bass fishing tournament schedule laid out. I'm sure team "shake & bake" will reign supreme, besting all comers in the 2013 season. It's really just a matter of time. I'm sure their wives (and anyone else who will listen) can't hear enough of how great they are. Their heads must have their own gravitational pull.

Jared "General Buxton" Sams, Andrew "Shamarai Warrior" Bowman, and Chris "Dexter" Scott returned safely from their deployments and performed admirably. Glad to have you guys back. Daren and Reggie are holding the fort down forward and are getting it done. We wish you the best and know you'll continue to do great things!

We'd like to extend a warm welcome to new M-Troop arrivals and recent SOROC grads Harley Brydon and Andrew Swanson and new LRS troop Matt McKissack. Congrats to Harley and his wife on the birth of their triplets! We are happy to have you and your families on board and part of the M-Troop family.....of note, all of the new troops will likely get their going away plaque long before Blake sees his. Get it! Farewell and congratulations to MSG Scott Knox who is retired after SEVERAL years of retiring up in the motor pool. Clyde will be transitioning over to SMT, but will always be a part of the M-Troop family....after all, we don't require you to swim. You will be missed and wish you all the best in your future endeavors. Congratulations to newly promoted MSG Beach! Well Done and Deserved! Motor-pool continues to excel at motor stuff. There was talk of starting a NASCAR pit

crew. I know I would certainly go to any race car game thing they were working. I might not stay for all four quarters, but I'd certainly look up the game later to see who won the tournament. Mike Clark was recently recognized by higher headquarters as a superior performer. Thanks for all of the hard work you do, Mike. The recognition is well-deserved. Congratulations to MSgt (Drew Carey) Renfro on his recent selection for promotion to SMSgt! I'm happy for you Timmy!

LRS is plugging in with Earle leading the way "magnetized" at all the work they get done (yes, I know it should be mesmerized but that is what Earle said). Bowman has found new ways to skip out on yet another JCU event "highland games", honing his skills as a "Shamarai" warrior. All jokes aside, LRS is doing great things and should be proud of their accomplishments....I know I am!

Spring is "officially" here although it doesn't feel like it. I hope someone shoots the groundhog next year. Thanks again for all of your hard work. The recognition and promotions are well earned! ~Mike Addaman
